Glow Liqvitonic Spray Information

Glow Liqvitonic Spray is made from a blend of different herbs.

Method of use :- Take clean and fresh water from well or bore to be used for spray shake well before use.

- Add **1.50 liters** of Glow Liqvitonic Premium Spray to **200 liters** of water and then spray.
- Add **7 ml** of Glow Liqvitonic Premium Spray to **1 liter** of water and spray.

Stage - 1 : When the crop is at 4-5 leaf stage then **75 ml** Add Glow Liqvitonic Premium Spray to a **15 liter** pump and spray.

Stage - 2 : When the crop is at the stage of flowering / fruiting Add **100 ml** Glow Liqvitonic Premium Spray to a **15 liter** pump and spray.

- Spray every 12 days from the time of flowering for **Pomegranate** crop.
- When **Mangoes** have started blooming and then mangoes look like peas in size..
- Spray every 12 days from 21 days after planting in **Cotton** crop.
- Spray once every week in all types of **Vegetables**.
- **Wheat, Sorghum, Bajri, Groundnut, Sesame, Soybean, Cumin, Mung, Coriander, Chana, Udd, Onion, Garlic, Ajman, Fenugreek, Potato, Rye,** etc. in crops...
- The first spraying should be done on the 21st day after planting, and repeat every 12 days, which can give good results.

- Advantages:**
- Prevents fall of flower.
 - Improves Shine and quality of fruit.
 - Makes the plant healthy and grow faster.
 - Completes all nutrient deficiencies required by plants.
 - Prevents fungal diseases in crops.
 - Increases plant disease resistance.
 - Protects against crop damaging bacteria, germs and viruses.
 - Using Glow Liqvitonic Premium Spray can reduce the use of chemicals in crops by 50%.

- Note :**
- Do not mix "Glow Liqvitonic Premium Spray" with any kind of chemical or organic Liquid/Powder for spraying..
 - While spraying "Glow Liqvitonic Premium Spray" Please wear mask, hand gloves and safety goggles Compulsory.
 - Keep away from children.
 - Spraying is recommended before 11 am and after 4 pm.
 - It is very important to spray the lower part of the leaf.
 - Always buy packing with sealed pack only.
